

Shanghai Jiao Tong University Seeking Global Talents

Established in 1896, Shanghai Jiao Tong University (SJTU) is one of the oldest and most prestigious universities in China. Located in the largest city in China, Shanghai, which is not only renowned for its global financial and commercial excellence, but also the retention of the city's ancient culture, delicately intertwined with western cultures. As we look upon the success that Shanghai Jiao Tong University has achieved, we embark on the new journey to become a comprehensive, research-oriented and internationalized world-class university.

By actively engaging in a problem-oriented approach at research with the backing of the nation's drive in scientific advance and technology innovation, SJTU has successfully made great progress to stand at the global scientific frontiers. For six consecutive years, SJTU ranked first in the total number of NSFC projects and ranked second in the number of SCI papers in all Chinese Universities. In 2014, SJTU ranked third in the number of papers appearing in SCI journals with top 10% Impact factor, and ranked fourth in the number of papers published in Science, Nature, Cell and PNAS amongst all Chinese universities. According to Thomson Reuter's Essential Science Indicator (ESI), SJTU has 16 academic Programs in the ESI World Top 1%, of which engineering, materials science, mathematics and computer science are in the World Top 100.

To follow up with world class university standards, SJTU has established the tenure system to develop top-tier faculty led by international academic masters. With the coming of the 120th Anniversary of SJTU in 2016, SJTU sincerely invites outstanding and ambitious scientists from all around the world to apply for tenure-track and tenured faculty positions at various academic disciplines. Successful applicants will be offered highly competitive salary and startup funding.
