

# INVENTOR INVESTOR

---

**Sometimes true genius isn't only in the idea,  
but in the one who recognizes its potential.**

Applied Innovation at the University of California, Irvine connects bright minds and brilliant research with the business and investor communities to make amazing things happen. As the next generation of tech transfer, Applied Innovation is nimble, progressive and refreshingly easy to work with. **See how at [innovation.uci.edu](http://innovation.uci.edu)**

**UCI** Applied  
Innovation

The University of California, Irvine is one of the premier research universities in the country. In the heart of Orange County, UCI collaborates with the thriving business, medical and tech industries that surround it.
