Supplementary information to:

## Save lives in the next pandemic: ensure vaccine equity now

A Comment published in *Nature* 626, 952–953 (2024)

<https://doi.org/10.1038/d41586-024-00545-3>

---

Colin Carlson, Daniel Becker, Christian Happi, Zoe O'Donoghue, Tulio de Oliveira,  
Samuel O. Oyola, Timothée Poisot, Stephanie Seifert & Alexandra Phelan

---

This Supplementary information comprises:

1. List of co-signatories

### **Additional Signatories (Carlson *et al.*, 2024, *Nature*)**

\*Starred names indicate scientists or researchers whose work involves generating or using pathogen genomic sequence data, based on self-identification.

Seye Abimbola, Associate Professor, University of Sydney, Australia

James S. Adelman, Assistant Professor, the University of Memphis, United States\*

Olubusuyi M. Adewumi, Associate Professor, University of Ibadan, Nigeria\*

Oluwapelumi Olufemi Adeyemi, Senior R&D Scientist, BioChek, United Kingdom\*

Deepa Agashe, Associate Professor, National Centre for Biological Science, India

Robyn Alders, Honorary Professor, Australian National University, Australia

Sonia Altizer, Professor of Ecology, University of Georgia, United States\*

Oluwasanmi Anuoluwapo Adeyemi, Lecturer II, Ajayi Crowther University, Nigeria\*

Benjamin Akiyama, Senior Scientist, Meso Scale Diagnostics, United States\*

Mohammad Shafiul Alam, Scientist, icddr,b, Bangladesh\*

Alex Alexis, PhD Candidate and Lecturer, Université de Montréal, Canada

Matthew Aliota, Associate Professor, University of Minnesota, Twin Cities, United States\*

Touseef Ahmed, Ph.D. Student, Texas Tech University, United States\*

Eleni Aklillu, Professor, Karolinska Institutet, Sweden\*

George Akpede, Professor, Ambrose Alli University, Nigeria\*

Gregory Albery, Assistant Research Professor, Georgetown University, United States

Meagan Allira, Master's Student, University of Oklahoma, United States\*

B.R. Ansil, Post-Doctoral Fellow, National Centre for Biological Sciences, India\*

Fernando Arce, Postdoctoral Research Associate, Mississippi State University, United States

Reuben Ayivor-Djanie, Lecturer, University of Health and Allied Sciences, Ghana\*

Esam Ibraheem Azhar, Professor, King Abdulaziz University, Saudi Arabia\*

Adrienne Amuri Aziza, Medical Biologist, Institut National des Recherches Biomedicales, Democratic Republic of the Congo\*

Justin Bahl, Professor, University of Georgia, United States\*

Arinjay Banerjee, Adjunct Professor, University of Saskatchewan, Canada\*

Francis Banville, PhD Candidate, Université de Montréal, Canada

Nyambayar Batbayar, Scientist, Wildlife Science and Conservation Center of Mongolia, Mongolia

Emily Beasley, Postdoctoral Fellow, Université de Montréal, Canada

Eve Beauchemin, Graduate Student, McGill University, Canada

M Diane Bellis, Retired, United States

Ana I. Bento, Assistant Professor, Cornell University, United States\*

Laura Bergner, Research Fellow, University of Glasgow, United Kingdom \*

Aimee Pugh Bernard, Assistant Professor, University of Colorado Anschutz Medical Campus, United States

Briana Betke, PhD Candidate, University of Texas at Austin, United States

Anna Bezruki, PhD Student, Georgetown University, United States

Anindita Bhadra, Associate Professor, Indian Institute of Science Education and Research Kolkata, India

Simrik Bhandari, Masters in Geography student, University of Florida, United States

Mark Blaxter, Research Group Leader, Wellcome Sanger Institute, United Kingdom

Jeb Byers, Professor, University of Georgia, United States

Sandra A. Binning, Associate Professor, University of Montreal, Canada

Maureen Boyle, Chief Quality and Science Officer, American Society of Addiction Medicine, United States

Daniel Bridges, Senior Scientist, PATH, Zambia\*

Cole Brookson, PhD Student, Georgetown University, United States\*

Antoine Boudreau LeBlanc, Research Associate, Simon Fraser University, Canada

Douglas Call, Regents Professor, Washington State University, United States\*

Jasmin Camacho, HHMI Hanna Gray Fellow, Stowers Institute for Medical Research, United States\*

Anne-Sophie Caron, PhD, Research Professional, UQAT-Insectarium de Montréal, Canada

Dominique Caron, PhD Student, McGill University, Canada

Debapriyo Chakraborty, Postdoctoral Researcher, French National Research Institute for Sustainable Development (IRD), France\*

Duncan Chanda, Infectious Diseases Specialist, University Teaching Hospital, Zambia\*

Kaylee Chang, Associate Biosafety Officer, University of California Merced, United States

Dominique Charron, Visiting Scholar, University of Guelph, Canada

Upendra Chauhan, Veterinary Undergraduate Student, Agriculture and Forestry University, Nepal

Amanda Marr Chung, Executive Director, Stanford Center for Innovation in Global Health, Stanford University, United States

Katie Clow, Assistant Professor, University of Guelph, Canada

Lily Cohen, MD Student, Icahn School of Medicine at Mount Sinai, United States

Caroline Colijn, Professor, Simon Fraser University, Canada\*

Anne Conan, Researcher, CIRAD, France

Aaron Conrado, Scientific Expert, Noblis, United States

Vanessa Cook, Biosafety Officer, University of California Merced, United States

Robert Cook-Deegan, Professor, Arizona State University, United States\*

Eugenia Corrales-Aguilar, Faculty of Microbiology, University of Costa Rica, Costa Rica\*

Varina Crisfield, PhD Candidate, Université de Sherbrooke, Canada

Cristian A. Cruz-Rodríguez, PhD Student, Université de Montréal, Canada

Marie Culhane, Professor of Veterinary Population Medicine, University of Minnesota, United States\*

Caroline Cummings, Graduate Student, University of Oklahoma, United States

Gábor Czirják, Research Scientist, Leibniz Institute for Zoo and Wildlife Research, Germany\*

Lambodhar Damodaran, Postdoctoral Fellow, University of Pennsylvania, United States\*

Gabriel Dansereau, PhD Candidate, Université de Montréal, Canada

Osman Dar, Consultant in Global Health, United Kingdom Health Security Agency, United Kingdom

Batmunkh Davaasuren, Ornithologist, Wildlife Science and Conservation Center, Mongolia\*

Liliana Dávalos, Professor, Stony Brook University, United States\*

Genevieve D'Avignon, Postdoctoral Researcher, Université de Sherbrooke, Canada

Richard Davis, Professor Emeritus, University of Colorado School of Medicine, United States\*

Nitish Debnath, National Coordinator, One Health Bangladesh, Bangladesh\*

Alex Dehgan, CEO, Conservation X Labs, United States\*

Jebraill Dempsey, PhD Student, Colorado State University, United States\*

Cate Dewey, Professor of Epidemiology, University of Guelph, Ontario, Canada

Pankaj Dhaka, Assistant Professor, GADVASU, India\*

Katrina Di Bacco, PhD Candidate, Epidemiology, University of Montreal, Canada

Karen M Dobos, Professor, Colorado State University, United States\*

Jinwei Dong, Professor, Institute of Geographic Sciences and Natural Resources Research, Chinese Academy of Sciences, China

Cynthia J. Downs, Associate Professor, State University of New York College of Environmental Science and Forestry, United States

Kwabena Duedu, Associate Professor, Birmingham City University, United Kingdom\*

Stephanie Eaneff, Senior Biostatistician, Georgetown University, United States

Gregory Ebel, Professor and Director, Center for Vector-borne Infectious Diseases, Colorado State University, United States\*

Kimberly Edwards, Project Manager, University of Hong Kong, China\*

Elliot Eichen, Research Professor, University of Colorado Boulder, United States

Hannah Eiseman, PhD Student, Tulane University, United States

Cyril Erameh, Physician/Clinical Trial Specialist, Irrua Specialist Teaching Hospital, Nigeria\*

Evan Eskew, Data Scientist, University of Idaho, United States\*

Anna Fagre, Research Scientist and Veterinarian, Colorado State University, United States\*

Alexandra Fairfield, STEM Educator, United States

M. Brock Fenton, Emeritus Professor of Biology, Western University, Canada

Pilar Fernandez, Assistant Professor, Washington State University, United States\*

Nigel Field, Professor of Infectious Disease Epidemiology, University College London, United Kingdom\*

Norma Forero, PhD Candidate, Université de Montréal, Canada\*

Jeffrey Foster, Professor, Northern Arizona University, United States\*

Adeola Fowotade, Associate Professor, College of Medicine, University of Ibadan, Nigeria\*

Muyembe Francisca, Institut National de Recherche Biomédicale, Democratic Republic of the Congo\*

Maxime Fraser Franco, PhD candidate, Université du Québec à Montréal, Canada

Hannah Frank, Assistant Professor, Tulane University, United States\*

Winifred F. Frick, Chief Scientist, Bat Conservation International, United States

Bastian Fromm, Assistant Professor, UiT - The Arctic University of Norway, Tromsø, Norway\*

Emily Gallichotte, Research Scientist, Colorado State University, United States\*

R. Geeta, Retired Professor, University of Delhi, India

Uwem George, Postdoctoral Research Fellow, Redeemer's University, Nigeria\*

Wayne M. Getz, Distinguished Professor of the Graduate Division, University of California Berkeley, United States

Rory Gibb, Research Fellow, University College London, United Kingdom

Erin Gill, Research Associate, Simon Fraser University, Canada\*

Julianna Gilson, PhD Student, Washington State University, United States\*

Manohar GM, Lecturer, Government Science College, India

Gregg Gonsalves, Associate Professor, Yale School of Public Health, United States

Alan Goodman, Associate Professor, Washington State University, United States\*

Richmond Gorman, Research Assistant, Kumasi Centre for Collaborative Research in Tropical Medicine, Ghana\*

Nicole Gottdenker, Professor, University of Georgia, United States\*

Nathan D. Grubaugh, Associate Professor, Yale School of Public Health, United States\*

Sarah Gurev, PhD Student, MIT, United States\*

Andreas Handel, Professor, University of Georgia, United States

Christina Harden, PhD Student, Penn State University, United States

Verity Hill, Postdoctoral Research Associate, Yale University, United States\*

Michael Hochberg, Research Director, Centre National de la Recherche Scientifique, France

Zheng Huang, Professor, Nanjing Normal University, China\*

Alice C. Hughes, Associate Professor, University of Hong Kong, China\*

Kathryn P Huyvaert, Professor, Washington State University, United States\*

Natalie Imirzian, Postdoctoral Researcher, Natural History Museum, United Kingdom

Arshad Ismail, Head, Sequencing Core Facility, National Institute for Communicable Diseases, South Africa\*

Anna Jaeger, Post-doctoral Research Fellow, University of Pennsylvania, United States\*

Emily Javan, PhD Candidate, University of Texas at Austin, United States

Freya Jephcott, Senior Research Associate, University of Cambridge, United Kingdom

Talabi Moyinoluwa Joseph, Lecturer II, Lagos State University, Nigeria\*

Jeffrey Joy, Assistant Professor, University of British Columbia, Canada\*

Maya Juman, PhD Student, University of Cambridge, United Kingdom

Joseph Kamau, Senior Scientist, Kenya Institute of Primate Research, Kenya\*

Irene Karegi, PhD Student, Washington State University, United States\*

Ramesh Kathariya, Student, Tribhuvan University, Nepal\*

Alexandra Keene, Graduate Research Assistant, Colorado State University, United States\*

Clint Kelly, Associate Professor, Université du Québec à Montréal, Canada

Heather Ketchum, Professor, University of Oklahoma, United States

Ellen Ketterson, Distinguished Professor of Biology, Indiana University, United States\*

Kamlesh Khunti, Professor of Primary Care Diabetes and Vascular Medicine, University of Leicester, United Kingdom\*

Jason Kindrachuk, Associate Professor, University of Manitoba, Canada\*

Robert Tobias Koch, PhD Student, Colorado State University, United States\*

Deborah Kochevar, Dean Emerita, Cummings School of Veterinary Medicine, Senior Fellow, Fletcher School, Tufts University, United States

Marion Koopmans, Head of Virology Department, Erasmus Medical Centre, The Netherlands\*

S. Krishnaswamy, Retired Senior Professor, Madurai Kamaraj University, India

Eeva Kuisma, Consultant, Wildlife Conservation Society, Republic of the Congo\*

Jason Ladner, Associate Professor, Northern Arizona University, United States\*

Mariah Lancaster, Congressional Science Policy Fellow, U.S. House of Representatives, United States

M. Elise Lauterbur, NSF Postdoctoral Fellow, University of Arizona, United States

Torre Lavelle, PhD Student, Georgetown University, United States\*

Paul A. Lawson, Presidential Professor, University of Oklahoma, United States\*

Shui-Shan Lee, Professor, The Chinese University of Hong Kong, Hong Kong, China\*

Patrick Leighton, Full Professor, Université de Montréal, Canada

Richard Lessells, Infectious Diseases Specialist, University of KwaZulu-Natal, South Africa\*

Michael Letko, Assistant Professor, Washington State University, United States\*

James Lloyd-Smith, Professor, University of California, Los Angeles, United States\*

Lauren Lock, PhD Candidate, University of Oklahoma, United States\*

Patricia C. Lopes, Assistant Professor, Chapman University, United States

John Lowe, Professor, University of Nebraska Medical Center, United States\*

Manon Lounnas, Researcher, French National Research Institute for Sustainable Development (IRD), France\*

Omar Machich, PhD Student, Mohammed V University, Morocco\*

Nicolas Macia, Senior Advisor of the One Health Initiative, Université de Montréal, Canada

Maimuna Majumder, Assistant Professor, Harvard Medical School & Boston Children's Hospital, United States\*

Lynn Martin, Professor, University of South Florida, United States\*

Dorcas Maruapula, Postdoctoral Fellow, Botswana Harvard Health Partnership, Botswana\*

Maitshwarelo Matsheka, Lead Researcher Nanomaterials, Botswana Institute for Technology Research and Innovation, Botswana\*

Gabriel Mbunsu, Research Assistant, University of Kinshasa, Democratic Republic of the Congo\*

Craig McConnel, Associate Professor, Washington State University, United States\*

Clifton McKee, Research Associate, Johns Hopkins Bloomberg School of Public Health, United States\*

Vineet D. Menachery, Assistant Professor, University of Texas Medical Branch, United States\*

Julianne Meisner, Assistant Professor, University of Washington, United States

Ziad Memish, Professor, Alfaisal University, Saudi Arabia\*

Jonathon Mifsud, PhD Student, University of Sydney, Australia\*

Javier Millán, Senior Researcher, Instituto Agroalimentario de Aragón-IA2 (Universidad de Zaragoza-CITA), Spain\*

Virginie Millien, Associate Professor, McGill University, Canada

Serge Morand, CNRS Director of HealthDEEP, CNRS - Kasetsart University - Mahidol University, Thailand\*

Erin Mordecai, Associate Professor, Stanford University, United States\*

Enatha Mukantwari, Ph.D. Student, Redeemer's University, Nigeria\*

Alison Munson, Associate Professor, Université Laval, Canada

Musso Munyeme, Professor, Veterinary Public Health, University of Zambia, Zambia\*

Mundur V N Murthy, Retired Professor, The Institute of Mathematical Sciences, India

Renata Muylaert, Postdoctoral Fellow in Disease Ecology, Massey University, New Zealand\*  
Isaac Ngere, Assistant Professor, Washington State University, United State\*

Michelle North, Science Officer, University of KwaZulu-Natal, South Africa

Francine Ntoumi, Professor, Fondation Congolaise pour la Recherche Médicale, Republic of Congo\*

Felicia Nutter, Assistant Professor, Tufts University, United States

Hunter Ogg, Research Associate, Colorado State University, United States\*

Natalie Olson, PhD Candidate, Emory University, United States\*

Sarah Olson, Director of Health Research, United States\*

Michael Opata, Postdoctoral Researcher, University of Heidelberg, Germany\*

Susana Ortiz, Postdoctoral Researcher, The University of Sydney, Australia\*

Mika O'Shea, PhD Student, Tulane University, United States\*

Sarah Otto, Professor, University of British Columbia, Canada\*

Andrew Park, Professor, University of Georgia, United States\*

Jane Parmley, Associate Professor, University of Guelph, Canada\*

Stanley Perlman, Professor of Microbiology and Immunology, University of Iowa, United States

Eskild Petersen, Professor Emeritus, Aarhus University, Denmark\*

A. Townsend Peterson, University Distinguished Professor, University of Kansas, United States\*

Sarah Piché-Choquette, Postdoctoral Fellow, Université du Québec à Montréal, Canada

July Pilowsky, Postdoctoral Scientist, Cary Institute of Ecosystem Studies, United States

Saskia Popescu, Assistant Professor, University of Maryland School of Medicine, United States\*

Rachel Poretsky, Associate Professor, University of Illinois Chicago, United States\*

Wolfgang Preiser, Professor and Head: Division of Medical Virology, Stellenbosch University / National Health Laboratory Service, South Africa\*

Sudha Rajamani, Associate Professor, Indian Institute of Science Education and Research Pune, India

R Rajaraman, Professor, HBNI, India

Roopali Rajput, Independent Researcher, University of Delhi, India\*

R Ramanujam, Visiting Faculty Member, Azim Premji University, India

David Rasmussen, Associate Professor, North Carolina State University, United States\*

Poornima Raveendran, Senior Teaching Associate, Indian Institute of Science Education and Research, Pune, India

Ahmed Rebai, Professor, University of Sfax, Tunisia\*

Sergio Recuenco, Associated Professor, Universidad Nacional Mayor de San Marcos, Peru

DeeAnn Reeder, Professor, Bucknell University, United States\*

John Redden, Associate Professor of Physiology, University of Connecticut, United States

Anthony Ricciardi, James McGill Professor, McGill University, Canada

Ricardo Rivero, Graduate Research Assistant, Washington State University, United States\*

Benjamin Roche, Research Director, French National Research Institute for Sustainable Development, France\*

Dominique Roche, Senior Policy Advisor, Social Sciences and Humanities Research Council, Canada

Joacim Rocklöv, Professor, Heidelberg University, Germany\*

Jason Rohr, Professor, University of Notre Dame, United States

Alicia Roistacher, Graduate Student, University of Oklahoma, United States\*

Ashlee Rowe, Assistant Professor, University of Oklahoma

Johanne Saint-Charles, Full Professor, University of Québec in Montréal, United States

Samantha Sambado, PhD Candidate, University of California Santa Barbara, United States\*

Lauren Sauer, Associate Professor, University of Nebraska Medical Center, United States\*

Hoda Sayegh, Internal Medicine Physician, Palo Alto, CA, United States

Samuel Scarpino, Director of AI + Life Sciences and Professor of the Practice, Northeastern University, United States\*

Annakate Schatz, Graduate Research Assistant, University of Georgia, United States

Susan Schreoder, Associate Professor, University of Oklahoma, United States\*

Anita Schürch, Associate Professor, UMC Utrecht, The Netherlands\*

Jen Schweitzer, Professor, University of Tennessee, United States

Patrick Semanda, Laboratory Technologist, National Health Laboratory and Diagnostic Services, Uganda\*

Supratim Sengupta, Professor, Indian Institute of Science Education and Research Kolkata, India

Jesse Shapiro, Associate Professor, McGill University, Canada\*

Kalpana Shankar, Professor, University College Dublin, Ireland

Mingwang Shen, Associate Professor, Xi'an Jiaotong University, China\*

Robert Adamu Shey, Lecturer, Biochemistry, University of Buea, Cameroon\*

Penny Shockett, Professor of Biological Sciences, Southeastern Louisiana University, United States

Kopila Shrestha, Student, Tribhuvan University, Nepal\*

Rahul Siddharthan, Profesor H, The Institute of Mathematical Sciences, India\*

Cameron Siler, Associate Professor/Associate Curator of Herpetology, Sam Noble Museum and School of Biological Sciences, University of Oklahoma, United States\*

Nancy Simmons, Curator and Professor, American Museum of Natural History, United States\*

Molly Simonis, Postdoctoral Researcher, University of Oklahoma, United States\*

David Simons, Postdoctoral Scholar, The Pennsylvania State University, United States\*

Kelly Speer, Assistant Professor, University of Michigan, United States\*

Claire Standley, Associate Research Professor, Georgetown University, United States\*

Kat Steinke, Bioinformatician, Odense University Hospital, Denmark\*

Sebastian Stockmaier, Assistant Professor, University of Tennessee, United States\*

Guppy Stott, Ph.D. Candidate, University of Georgia, United States\*

Reeteka Sud, Senior Scientist, National Institute for Mental Health and Neurosciences, India

R. Sujatha, Professor of Mathematics, University of British Columbia, Canada

Amy Sweeny, Postdoctoral Research Associate, University of Sheffield, United Kingdom

Tamara Szentivanyi, Research Fellow, HUN-REN Centre for Ecological Research, Hungary\*

Malancha Ta, Associate Professor, Indian Institute of Science Education and Research Kolkata, India

George Taiaroa, Research Fellow, The University of Melbourne, Australia\*

Olaoluwa Talabi, Senior Lecturer, University of Lagos, Nigeria\*

Houriyyah Tegally, Head of Data Science, Centre for Epidemic Response and Innovation (CERI), Stellenbosch University, South Africa\*

Bryan Tegomoh, Ministry of Public Health, Cameroon\*

Oyewale Tomori, Professor of Virology, Redeemer's University, Nigeria\*

Anand TNC, Professor, Indian Institute of Technology Palakkad, India

Susan Tsang, Research Associate, American Museum of Natural History, United States\*

Katie Tseng, PhD Candidate, Washington State University, United States\*

Kim van Daalen, Postdoctoral Researcher, Barcelona Supercomputing Center, Spain

Lukas Van Riel, PhD Candidate, Université de Montréal, Canada

Amanda Vicente-Santos, Postdoctoral Researcher, University of Oklahoma, United States\*

Valerie Virta, Department of Health and Human Services, United States

Alexandra Vrazo, Senior HIV Treatment Advisor, Credence Management Solutions LLC, United States

Faith Walker, Associate Professor, Northern Arizona University, United States\*

Gabriel da Luz Wallau, Principal Investigator - Public Health Researcher, Instituto Aggeu Magalhães, Fundação Oswaldo Cruz, Brasil\*

Paul Webala, Associate Professor, Maasai Mara University, Kenya\*

Cynthia Wei, Teaching Professor, Georgetown University, United States

Kalani Williams, Graduate Student, Colorado State University, United States\*

Carolyn Williamson, Professor, University of Cape Town, South Africa\*

Chelsea Wood, Associate Professor, University of Washington, United States

Xiangming Xiao, Professor, University of Oklahoma, United States\*

Charles Xu, Ph.D. Candidate, McGill University, Canada\*

Gavin Yamey, Hymowitz Professor of Global Health, Duke University, United States

Anni Yang, Assistant Professor, University of Oklahoma, United States\*

Etienne Yergeau, Professor, Institut National de la Recherche Scientifique, Canada\*

Richard Zamor, Research Scientist, University of Oklahoma, United States\*

Huachen Zhu, Associate Professor, The University of Hong Kong, China\*

Alimuddin Zumla, Professor, University College London, United Kingdom\*
